Explanation of Business Results in the Consolidated Financial Statements for 1st
quarter of 2025:

(Unit: VND billion)

Indicator	1st quarter 2025	1st quarter 2024	Increase (+) / Decrease (-)	
			Value	Rate
Profit after tax	-14,969	-30,700	15,731	51,24%
Profit after Tax (Parent Company)	-15,023	-30,650	15,627	50,98%

Thus: (1) The consolidated profit after tax of the Company for 1st quarter 2025 recorded a loss of VND 14.969 billion (a reduced loss compared to the same period last year); and (2) The consolidated profit after tax improved by VND 15.731 billion compared to 1st quarter 2024 (an increase exceeding 10%). DDM respectfully explains the reasons as follows:

In the Company's Consolidated Financial Statements, the figures from the Company's Separate Financial Statements account for the largest proportion, because the Parent Company manages the majority of the Group's capital, fixed assets is mainly vessels (which generate most of the depreciation, loan interest, and operating costs), and workforce. Therefore,

(1) the reason for the consolidated business result remaining negative (but with a reduced loss compared to the same period last year), and (2) the consolidated profit after tax increasing by VND 15.731 billion compared to the same period last year (an increase exceeding 10%) originates from the Separate Financial Results of the Parent Company, as previously explained (please refer to Official Letter No. 83/CBTT-DDM dated 28/04/2025 of Dong Do Maritime Joint Stock Company regarding "Explanation of Business Results in the Separate Financial Statements for 1st quarter 2025").

We respectfully submit this explanation!
