V/v: Explanation for the post-tax loss in the
second quarter of 2025

Hai Phong dated ¹⁵ April 2025

**To: - The State Securities Commission;
- Ha Noi City Stock Exchange.**

Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020 of the Ministry of Finance guiding the disclosure of information on the securities market, and based on the financial statements for the second quarter of 2025, Habeco – Hai Phong Joint Stock Company (stock code: HBH) would like to provide an explanation for the post-tax loss in the second quarter of 2025 and the change of 10% or more compared to the same period last year as follows:

Unit: million VND

TT	Item	The second quarter of		Discrepancy	
		2025	2024	Value	Rate (%)
(1)	(2)	(3)	(4)	(5)=(3)-(4)	(6)=(5)/(4)
1	The after-tax profit	(4,751.85)	(3,751.86)	(999.99)	-

The Profit after tax in the first quarter of 2025 reached VND 4,751.85 million, an increase of VND 999.99 million compared to the same period last year. The main reason is the decline in output: production volume decreased by 17.75%, and sales volume decreased by 26.56% compared to the same period last year. In addition, although raw material prices have decreased, they remain high, which has affected production costs during the quarter and resulted in a negative profit for the period.

This is the explanation from Habeco-Hai Phong Joint Stock Company regarding the business performance for the second quarter of 2025. The Company submits this report to the State Securities Commission and the Hanoi Stock Exchange for their information.

Thank you very much!
