"Explanation of the parent company's third quarter financial statements ending on June 30, 2025"

To:

State Securities Commission; Hanoi Stock Exchange.

Vinh Phuc Infrastructure Development Joint Stock Company (stock code: IDV) has ended its financial statements for the third quarter on June 30, 2025.

Based on the separate financial report of the third quarter of this year, ending on June 30, 2025 of the parent company, the profit after tax target decreased compared to the third quarter of the previous year, specifically as follows:

Profit after tax in the third quarter of the previous year (from 01/04/2024 to 30/06/2024) reached: VND99,999,035,346

Profit after tax in the third quarter of this year (from 01/04/2025 to 30/06/2025) reached: VND23,323,853,417

Thus, the profit after tax in the third quarter of this year compared to the profit after tax in the third quarter of last year decreased by VND76,675,181,929, equivalent to a decrease of 76.7%.

The reasons for this decrease are explained as follows:

Financial revenue in the third quarter of last year reached VND95.4 billion, financial revenue in the third quarter of this year reached VND20.1 billion, down VND75.3 billion compared to the same period. Because in the third quarter of last year, the Company received dividends from the joint venture company of VND48.7 billion, this year's third quarter did not arise and in the third quarter of last year, the after-tax profit from VPID Ha Nam subsidiary was VND44.4 billion, this year's third quarter collected VND15.6 billion, down VND28.8 billion compared to the same period.

Above are the reasons that led to the profit in the third quarter of this year being lower than the third quarter of last year. Therefore, the Company reports and explains to the agency and shareholders.

Respect!
